

**Southern California Regional Robotics Forum
Scholarship Winners**

Michael McNabb

Granada Hills Charter High School

GPA 4.5

FRC 599

Accepted to: UC Berkeley, UC Irvine

Major: Mechanical Engineering & Business Administration

FRC Mentor: “Michael has also reached out to several other local teams to establish an FRC community of cooperation in the LA area. ...the goal is to create a local coalition of teams that can help support each other through communication and resource and technology sharing. Michael has been the focal point within our team for this effort.”

Madison Robbins

Campbell Hall High School, North Hollywood

GPA 4.2

FRC 580

FRC 4413

**Accepted to: Oregon State University, University of Oregon,
University of Utah, Willamette, Lewis & Clark College**

Major: Pre-Med/Human Physiology/Biomedical Engineering

FRC Mentor/Teacher: “Madison is the embodiment of the FIRST value of Gracious Professionalism, helping younger members of the team learn new skills and build their own confidence while patiently and humbly providing encouragement and support.”

Wilder Buchanan

Loyola High School, Los Angeles

GPA 4.2

FRC 3408

FTC 9804, 6928

FLL 1378, 7423

Accepted to: UC Berkeley School of Engineering

Major: Mechanical Engineering

FTC Mentor: “Somehow Wilder also found time to start and coach the Bomb Squad FIRST Lego League team. He coaches them twice a week and leads them in their tournaments. He also mentors several other FIRST Lego League teams, and is passionate about mentoring the next generation of engineers.”
