# SWISH GEN 2 BOT MODULES

Modules A—E can be completed independently of each other, allowing for students to work on different parts simultaneously. The brackets, text in the boxes, and arrows indicate how these modules are then put together to make the robot. Instructions linked at the bottom of the page.

Module A
Slides 1-27
Steps 1-11b

Module B
Slides 28-54
Steps 12-23b

Together & Continue
Slides 55-89
Steps 24-39e

Module C
Slides 90-124
Steps 40-55b

Together & Continue
Slides 125-137
Steps 56-60b

Module D
Slides 138-183
Steps 61-83b

Together & Continue
Slides 184-192
Steps 84-87

Module E
Slides 193-232
Steps 88-107

Together & Continue
Slides 233-257
